

NADIA LOVELY

085736357170 | nadialovely1803@gmail.com | linkedin.com/in/nadia-lovely | github.com/nadialvy

Passionate and results-driven Software Engineering graduate specialising in web development, particularly frontend. Successfully mentored 4 teams (over 40 students) at RevoU x Kampus Merdeka, leading to an average final project score exceeding 90, with a focus on live coding using HTML, CSS, and JavaScript. My professional experience includes impactful roles at software houses, startups and campus committees, where I focused on frontend development, page slicing, and seamless integration.

Work Experiences

BetaU, Surabaya | Freelance Frontend Developer | 01/2024 - Present

- Convert Figma designs into responsive websites
- Integrate front-end with back-end systems
- Collaborate with project managers and UI/UX teams to ensure project success

Self Employed (Freelancer), Surabaya | Frontend Developer | 01/2024 - Present

- Successfully managed 4+ projects, excelling in page slicing and seamless backend integration
- Implemented state management solutions to enhance application performance and user experience

RevoU, Surabaya | Part Time Mentor | 04/2024 - 06/2024

- Empowered students to grasp the essentials of HTML, CSS, and JavaScript
- Mentored 40+ students through their capstone projects, ensuring consistent progress and exceptional results
- Helped students by addressing their questions in a clear and relatable way

Ardaworks, Jakarta | Frontend Developer | 03/2023 - 01/2024

- Crafted immersive, user-centric interfaces with Flutter and Vue.js, ensuring seamless and visually appealing experiences
- Enhanced backend applications to version 2, streamlining performance and improving code organisation
- Collaborated closely with design teams to transform wireframes and prototypes into responsive web applications

GredU Asia, South Jakarta | Flutter Developer Internship | 06/2022 - 03/2023

- Elevated the GREDU app by designing and developing features that significantly boosted performance and user satisfaction
- Created a homeroom feature, allowing teachers to select and filter students by homeroom, enhancing user functionality
- Worked alongside senior developers to troubleshoot and resolve technical issues, contributing to successful project outcomes

Projects

Explore a compilation of my project portfolio through this [link](#).

Ini Lho ITS! 2025, Surabaya | Project Manager | Aug 2024 - Recent

- Translate and clarify feature requests from BPH to IT development staff.
- Lead weekly progress meetings with a team of more than 20 expert staff.
- Manage ticketing systems for feature requests, allocating tasks to sub division using github projects.
- Ensure projects are executed according to established timelines and communicate project progress and updates regularly to BPH and other stakeholders.

Petrolida 2024, Surabaya | Expert Frontend Developer | Aug 2024 - Present

An international oil and gas competition hosted by ITS Surabaya, challenging students globally in the energy sector.

- Engineered dynamic web interfaces for large-scale events with NextJS, TypeScript, Shadcn, and Tailwind
- Creating initial components for use by other developers, configuring and setting up the project
- Coordinated with cross-functional teams to ensure seamless project execution

TedXITS 2024, Surabaya | Frontend Developer | Apr 2023 - Jun 2024

An independent TED event at ITS Surabaya, sharing innovative ideas to inspire and connect the community.

- Translating Figma designs into dynamic code with Next.js, Tailwind, and TypeScript
- Develop and implement website animations using CSS
- Collaborate closely with senior developers and cross-functional teams to deliver project objectives

Ini Lho ITS! 2024, Surabaya | Project Manager | Feb 2023 - Mar 2024

- Conducted weekly progress meetings with 6 other members to keep projects on track and address any obstacles.
- Presented comprehensive Accountability Reports to top management, showcasing project milestones and outcomes

Ini Lho ITS! 2024, Surabaya | Frontend Developer | Oct 2023 - Feb 2024

Ini Lho ITS is an event that helps prospective new ITS students find a major that suits their interests & talents.

- Designed and implemented responsive web components for an event with over 300 users
- Teamed up with senior members and various divisions to achieve event goals

Education Background

Information Systems, 2023 - Present

Institut Teknologi Sepuluh Nopember, Indonesia

Software Engineering, 2020 - 2023

Vocational High School Telkom Malang, Indonesia

Grade: 91.9 / 100 (Top 1 Non-Academic Student, Top 9 Academic Student)

Skills and Competencies

Languages: JavaScript, Typescript

Frameworks:NextJS, Flutter, Swift, Tailwind

Database: MySQL
