Phone: 085736357170 | Email: nadialovely1803@gmail.com | linkedin.com/in/nadia-lovely | <https://github.com/nadialvy>

Location: Rungkut, Surabaya

Results-driven Software Engineering graduate with a passion for programming and a focus on web development especially on frontend. Interned at Gredu Asia as flutter developer, enhancing functionality by spearheading the development of features, seamlessly integrating APIs, and adeptly resolving software glitches.

Work Experiences

Ardaworks, Jakarta | **Full Stack Developer** | 03/2023 - Present

- Crafted immersive and user-centric interfaces using some technologies such as Flutter and Vue.js, ensuring seamless and visually appealing user experience.
- Enhances backend application to version 2, aiming to streamline runtime performance and elevate code organisation.
- Collaborated closely with design teams to translate wireframes and prototypes into responsive web applications.

Gredu Asia, South Jakarta | **Flutter Developer Internship** | 06/2022 - 03/2023

- Elevated GREDU app through dynamic design and developing features, yielding measurable results such as increased overall performance and boost in user satisfaction.
- Create a homeroom feature, where the teacher can select and filter the student from that school to be grouped by homeroom teacher.
- Collaborated with senior developers to troubleshoot and resolve technical issues, contributing to the successful project outcome

Education Background

Information Systems, 2023 - Present

Institut Teknologi Sepuluh Nopember, Indonesia

Software Engineering, 2020 - 2023

Vocational High School Telkom Malang, Indonesia

Grade: 91.9 / 100 (Top 1 Non-Academic Student, Top 9 Academic Student)

Projects

Explore a compilation of my project portfolio through this [link](#), showcasing a spectrum of endeavors. From my culminating school assignment to personally driven initiatives and freelance ventures, I predominantly leveraged Next .js, Vue.js, Tailwind to construct impactful and dynamic solutions.

Organizational Experience

Ini Lho ITS!, Surabaya | Frontend Developer | Oct 2022 - Present

Ini Lho ITS is an event that helps prospective new ITS students find a major that suits their interests & talents.

- Translating Figma designs into dynamic code with Next.js, Tailwind, and TypeScript.
- Team up with senior members and other divisions to achieve common goals.

Petroleum Integrated Days (PetroLida), Surabaya | Backend Developer | Oct 2022 - Present

PetroLida is an annual competition in the energy and petroleum sector organized by the Society of Petroleum Engineers (SPE) Institut Teknologi Sepuluh Nopember (ITS) Student Chapter.

- Maintained PetroLida's backend infrastructure, ensuring seamless operations and peak performance using Laravel.

Moklet Education of Technology and Informatic Club (METIC), Malang | Instructor | Aug 2021 - Dec 2021

- Develop and present lessons on web development encompassing HTML, CSS, JavaScript, and MySQL.
- Showcase expertise by mentoring a group of more than 35 club members.

Skills and Competencies

Languages: JavaScript, PHP, Typescript, Java

Frameworks: Vue JS, Next JS, Flutter, Laravel, Tailwind

Databases: MySQL, Firebase
